List of tables

Table 1:	Impact assessment for CFA025	3
----------	------------------------------	---

1 Introduction

1.1 Structure of the cultural heritage appendices

1.1.1 The cultural heritage appendices for the Castle Bromwich and Bromford (CFA 25) comprise:

- baseline reports (Volume 5: Appendix CH-001-025);
- a gazetteer of heritage assets (Volume 5: Appendix CH-002-025);
- impact assessment (this appendix); and
- survey reports (Volume 5: Appendix CH-004-025).

1.1.2 Maps referred to throughout the cultural heritage appendices are contained in the Volume 5 cultural heritage map book.

1.2 Impact assessment

1.1.3 Table 1 presents information on the impacts on all identified heritage assets and the likely resultant environmental effects, taking into account agreed mitigation measures. Details on the assignment of values and the assessment of the scale of impacts are set out in the Scope and Methodology Report (Volume 5: Appendix CT-001-000/1) and the Scope and Methodology Report Addendum (Volume 5: Appendix CT-001-000/2).

Table 1: Impact assessment for CFA025

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
CBB001	Medieval fields, south-east of B4118 Birmingham Road	Non-designated	Low	The asset is not within the land required for the construction of the Proposed Scheme. The asset has been removed by modern developments. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB002	Medieval fields, south of A4097 Kingsbury Road within Castle Vale sewerage works	Non-designated	Low	The asset is not within the land required for the construction of the Proposed Scheme. The asset has been removed by modern developments. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB003	Drains, possible water meadows and medieval fields located within the Park Hall nature reserve and to the north within the sewerage works	Non-designated	Low	The land required for the Proposed Scheme, including the construction of satellite compounds, site access routes, the realignment of the River Tame and the creation of the flood compensation area, will remove the majority of this asset.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB004	Water Orton Bridge, Water Orton Lane	Scheduled monument and Listed Building	High	The asset is situated 0.9km to the north of the Proposed Scheme within the residential area of Water Orton. There are no views of the Proposed Scheme and the setting of the asset and, therefore, its significance will not be impacted by construction activities. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB005	Medieval fields located with the Park Hall nature reserve	Non-designated	Low	Removal of this area of medieval fields due to creation of flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB006	Minworth Greaves Farmhouse, A38 Kingsbury Road	Listed Building	Moderate	Asset is located 1.8km to the north of the Proposed Scheme. The setting and significance of the asset will not be affected by the Proposed Scheme. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB007	Park Hall Wood	Ancient woodland	High	Partial removal of the north-east portion of this asset through construction of Water Orton Road embankment and Water Orton cutting. The majority of the asset will remain intact.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB008	Park Hall Wood	Ancient woodland	High	Partial removal of the south-west portion of this asset through construction of Water Orton Road embankment and Water Orton cutting. The majority of the asset will remain intact.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB009	Bosworth deserted medieval village	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB010	Park Hall Ditch	Non-designated	Low	Removal of this asset as a result of the creation of the flood compensation area and realignment of the River	High adverse	Moderate adverse	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
				Tame.					
CBB011	Pit located within Park Hall Wood	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB012	Park Hall Deer Park	Non-designated	Low	Removal of a large portion of this asset through construction of the Water Orton Cutting, the Parkhall Wood embankment, Langley Hill embankment, River Tame viaduct, River Tame realignment and flood compensation measures.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB013	Minworth Deer Park	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB014	Park Hall dovecote	Non-designated	Low	Removal of this asset due to construction of the River Tame viaduct and creation of flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB015	Bridge abutment	Non-designated	Low	Removal of this asset due to creation of flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB016	Airfield and military WWII factories former site of Castle Bromwich airfield	Non-designated	Low	Partial removal of the southern portion of this asset through construction of balancing ponds. The area has already been significantly impacted by historic development.	moderate adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB017	Medieval fields located to the south of the A452	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB018	Park Hall walled garden	Non-designated	Low	Removal of asset through construction of River Tame viaduct, the River Tame satellite compound, flood compensation area and realignment of the river Tame.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB019	Moat, located north-west of Water Orton Road	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB020	Great house of Park Hall	Non-designated	Low	Removal of asset through construction of the River Tame viaduct, the River Tame viaduct satellite compound, flood compensation area and realignment of the River Tame.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB021	Ridge and Furrow located with Park Hall nature reserve	Non-designated	Low	Removal of asset through construction of the River Tame viaduct, flood compensation area and realignment of the River Tame.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB022	Agricultural building	Non-designated	Low	Removal of asset through construction of the River Tame viaduct, flood compensation area and realignment of the River Tame.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB023	Park Hill Wood and wood bank	Non-designated	Low	Partial removal of asset through wood clearance for overhead power lines.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB024	Medieval fields and WWII exploded bomb craters	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. In addition, the setting of the asset is denuded by the modern housing development. The Proposed Scheme will not, therefore, affect the significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
CBB025	Sawpit located within Park Hill Wood	Non-designated	Low	Removal of the asset through wood clearance for overhead power lines.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB026	East and West coach house, A452 Chester Road	Listed Building	Moderate	The setting of this asset is currently the modern estate of Castle Bromwich and the road which it used to serve. This will not be affected by the Proposed Scheme. The Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB027	Forge Farmhouse, Walmley Ash Lane	Listed Building	Moderate	The asset is located within agricultural fields with urban development to the south. There may be views during construction of the Proposed Scheme, but these will be seen within the context of an existing urban setting. The significance of this asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB028	Bradford Arms Public House	Listed Building	Moderate	The asset is located within an urban context which contributes to the significance of the asset. This significance will not be impacted by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB029	Narrow ridge and Furrow, Park Hall nature reserve	Non-designated	Low	Removal of the asset through landscape mitigation planting and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB030	Langley Hill Wood	Non-designated	Low	Partial removal of asset through wood clearance for utility works.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB031	Broad ridge and furrow located with Park Hall nature reserve	Non-designated	Low	Removal of asset through realignment of the River Tame, excavation of flood compensation area and insertion of new electricity utility.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB032	Park Hall burnt mound	Non-designated	Low	Removal of asset through realignment of River Tame, flood compensation area and construction of site access route.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB033	Hollow-way, Park Hall	Non-designated	Low	Removal of asset through excavation for flood compensation area, construction of balancing ponds and construction of site access route.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB034	Berwood Hall Farmhouse and moat	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The site has been redeveloped, therefore, the Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB035	Castle Bromwich Hall park and garden	Registered park and garden	High	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme passes the asset in tunnel. The asset is located on an elevated position overlooking the river Tame with the M6 prominent in the foreground. Construction activities will not affect the significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB036	WWII military site	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
CBB037	15 and 17 Chester Road, Castle Bromwich	Listed Building	Moderate	These assets are located within a residential and urban context. Construction of the Proposed Scheme will not affect the significance of these assets.	No change	Neutral	No impact on significance.	No change	Neutral
CBB038	The Rectory	Listed Building	Moderate	The asset is located within a conservation area within a residential and urban context characterised by mature planting. Construction of the Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB039	No. 1 Birnam and No. 2 Millbrick, Rectory Lane, Castle Bromwich	Listed Building	Moderate	The assets are located within a conservation area within a residential and urban context characterised by mature planting. Construction of the Proposed Scheme will not affect the significance of the assets.	No change	Neutral	No impact on significance.	No change	Neutral
CBB040	Pigeon house at Castle Bromwich Hall	Listed Building	High	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB041	Stable block at Castle Bromwich Hall	Listed Building	High	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB042	East forecourt wall and west forecourt wall at Castle Bromwich Hall	Listed Building	Moderate	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB043	Bakehouse at Castle Bromwich Hall	Listed Building	High	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB044	Bromwich Castle	Scheduled monument	High	The asset is located alongside the A38 and is set within a busy urban environment in close proximity to the M6 Bromford Viaduct. The significance of the asset lies in its evidential value as a surviving indication of former settlement activity within the area. Its aesthetic and communal value, however, has been reduced by its poor survival and the removal of its context by the road network. The present setting does not contribute to these values. The location of the asset overlooking the river Tame provides historical context, this aspect of the site will not be affected by the Proposed Scheme. Construction activities will not affect the significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB045	Gatepiers to forecourt of Castle Bromwich Hall	Listed Building	High	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
CBB046	Castle Bromwich Hall	Listed Building	High	This asset is the focus of the Castle Bromwich Estate and its setting is defined primarily by the registered gardens that extend to the west and south. The formal approach avenue extends to the south of the hall and provides a formal setting to the hall. The private gardens that surround the hall are enclosed by substantial brick walls and there is mature planting within the area of the registered park which helps to curtail long distance views. The hall is located in an elevated position within an urban context and whilst there may be views of construction activities of the Proposed Scheme the significance of the asset will not be affected.	No change	Neutral	No impact on significance.	No change	Neutral
CBB047	Castle Bromwich Manor House	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB048	Walls to north, east and south sides of garden west of Castle Bromwich Hall	Listed Building	Moderate	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB049	Church of St. Mary and St. Margaret	Listed Building	High	The asset is located within the Castle Bromwich Conservation Area, forming part of the Castle Bromwich Hall complex. It lies within a residential and urban context characterised by mature planting. The church occupies a prominent position overlooking the River Tame and its tower is a prominent landmark from the M6 Bromford Viaduct. The setting of the church is defined by its graveyard with mature planting and it has a contextual relationship to the hall and registered park. The church and churchyard are well screened from views over the valley and construction activities of the Proposed Scheme will not affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB050	Castle Bromwich	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB051	Flight of steps and pedestals in west garden at Castle Bromwich Hall	Listed Building	Moderate	This asset is associated within the curtilage of Castle Bromwich Hall. The setting is provided by its relationship to the hall and associated park. Construction activities will not affect this relationship and, therefore, the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB052	Medieval fields, located to the west of Castle Bromwich Hall	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB053	WWII exploded bomb crater	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB054	Medieval fields, located Between M6 and Castle Bromwich	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not,	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
	Hall.			therefore, affect the significance of the asset.					
CBB055	Water meadows south of M6	Non-designated	Low	Removal of a small portion of the asset through diversion of a gas pipeline.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB056	Berwood Burnt Mound	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB057	Castle Bromwich Watermill	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB058	Aircraft Factory	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB059	Berrandale Road Moat	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB060	The Tyburn public house (including outbuilding and courtyard wall to east) Kingsbury Road	Listed Building	Moderate	This asset is located within an urban area which forms its setting. The Proposed Scheme will not remove the significance of this asset or affect its setting.	No change	Neutral	No impact on significance.	No change	Neutral
CBB061	Pype Hayes Hall, Chester Road	Listed Building	Moderate	This asset is located within its own parkland to the north of the Proposed Scheme. Views may be possible of the construction of the River Tame viaduct, however this will not diminish the significance of the asset as it will be seen within the context of an existing urban and industrial area to the south.	No change	Neutral	No impact on significance.	No change	Neutral
CBB062	Berwood Bridge, Berwood Lane	Listed Building	Moderate	The setting of this asset is the Birmingham and Fazeley Canal over which it crosses. This will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB063	Dunlop Ltd base stores (main fort) building	Locally listed building	Moderate	The asset is located within an industrial urban area dominated by the M6 Bromford Viaduct. The viaduct is the main dominant feature in this area and construction activities associated with the tunnel portal will not affect the heritage significance or setting of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB064	Medieval fields and drains or water meadows	Non-designated	Low	Removal of this asset through excavation for flood compensation, realignment of the River Tame, introduction of new electricity utilities, construction of site access roads and the Dunlop Underbridge satellite compound.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB065	Church of St Mary and church hall, A38 Tyburn Road	Listed Building	Moderate	This asset is located within an existing urban setting The setting and significance of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB066	Haye Hall Moat	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
CBB067	Bromford Watermill, Forge	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB068	Poplar Cottage, Moor End Lane	Listed Building	Moderate	This asset is located within an existing urban and sub-urban setting. The setting and significance of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB069	Bromford End Hamlet	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB070	House in Rookery Park	Listed Building	Moderate	This asset is located within an existing urban and sub-urban setting. The setting and significance of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB071	The Lad in the Lane public house, A4040 Bromford Lane	Listed Building	Moderate	This asset is located within an existing urban setting The setting and significance of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB072	Erdington Hall and moat	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB073	Water meadows, north of Tameside Drive	Non-designated	Low	The asset has been removed through historic development and there will, therefore be no impact from the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB074	Electricity Substation	Locally listed building	Moderate	This asset is located within an existing urban setting The setting and significance of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB075	Roving Bridge (No. 110) over entrance to Grand Union (Birmingham and Warwick Junction) Canal at Salford Junction	Listed Building	Moderate	The setting of this asset is the Grand Union Canal and Birmingham and Fazeley Canal which passes through an urban environment at this point. The significance and setting of the asset will not be affected by the Proposed Scheme.	No change	Neutral	No impact on significance.	No change	Neutral
CBB076	Castle Bromwich Conservation Area	Conservation area	Moderate	The focal point of the conservation area and defining character is Castle Bromwich Hall and the associated parkland. The conservation area also includes a number of large inter-war houses set within mature open gardens. The conservation area is surrounded by dense areas of post-war housing and to the north views are dominated and curtailed by the M6 Bromford Viaduct. The setting and significance of the conservation area and its assets will not be affected by the Proposed Scheme	No change	Neutral	No impact on significance.	No change	Neutral
CBB077	Buried features represented as crop marks located within sewage works	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB078	Sub-circular assets, located within	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not,	No change	Neutral	No impact on significance.	No change	Neutral

Unique identifier	Name	Designation(s)	Value	Construction impact			Operation impact		
				Nature of impact including mitigation	Scale of impact	Effect	Nature of impact including mitigation	Scale of impact	Effect
	roundabout joining M6 and A452			therefore, affect the significance of the asset.					
CBB079	Ridge and Furrow located within Castle Bromwich Hall Park and Garden	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB080	Ridge and Furrow situated to the south of the M6 and A452	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB081	Former river channel to River Tame	Non-designated	Low	Removal of asset through excavation for flood compensation, construction of River Tame viaduct, realignment of River Tame and construction of satellite compounds.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB082	Ridge and Furrow within Park Hall nature reserve	Non-designated	Low	Removal of asset through excavation for flood compensation.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB083	Ridge and Furrow within Park Hall nature reserve	Non-designated	Low	Removal of asset through realignment of River Tame, construction of site access route and a satellite compound.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB084	Ridge and Furrow within Park Hall nature reserve	Non-designated	Low	Removal of asset through construction of River Tame viaduct, construction of site access route and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB085	WWII military site	Non-designated	Low	The asset is not within the land required for the Proposed Scheme. The Proposed Scheme will not, therefore, affect the significance of the asset.	No change	Neutral	No impact on significance.	No change	Neutral
CBB086	Platform located with Park Hall nature reserve	Non-designated	Low	Removal of asset through construction of River Tame viaduct and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB087	Ridge and Furrow located within Park Hall nature reserve	Non-designated	Low	Removal of asset through construction of River Tame viaduct and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB088	Drain/leat	Non-designated	Low	Removal of asset through, construction of River Tame viaduct and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB089	Drain/leat	Non-designated	Low	Removal of asset through construction of satellite compound, construction of River Tame viaduct and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB090	Drain/leat	Non-designated	Low	Removal of asset through excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB091	Trackway	Non-designated	Low	Removal of asset through construction of River Tame viaduct and excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB092	Possible former watercourse	Non-designated	Low	Removal of asset through excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
CBB093	Drain/leat	Non-designated	Low	Removal of asset through excavation for flood compensation area.	High adverse	Moderate adverse	No impact on significance.	No change	Neutral
